

MURDER MYSTERY THEMES

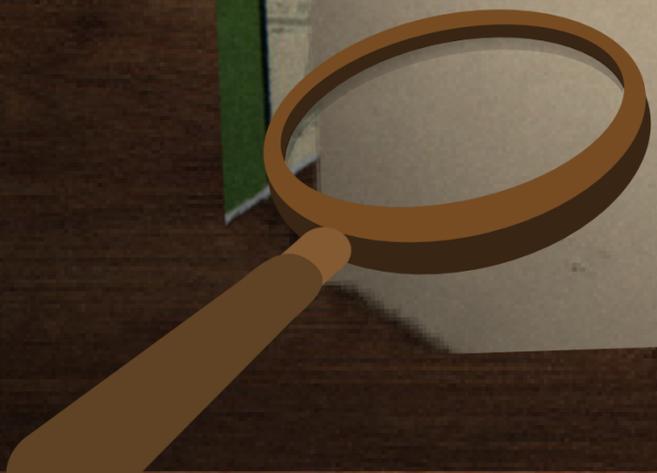

WHY A MURDER MYSTERY?

Mysteries are more popular than ever, creating a fun and immersive experience for your guests to enjoy.

As well as revenue from ticket prices, venues can benefit from extra spend on drinks, food & accommodation.

Mysteries can be performed around a meal or as standalone events, and we have performed at a variety of venues - from hotels to railways and from museums to weddings!

IS A THEME IMPORTANT?

All of our themes are fun and enjoyable. Some themes suit venues or times of year better, but the benefit of having a large selection of themes to choose from is that you can run multiple events throughout the year that the same audience can come back to and see something new each time.

Speak to us if you would like advice on which themes would work best, and we can also write a bespoke mystery tailored to a specific event, venue or guest of honour.
